WELCOME TO BOEI35

How nice that you're here! Where trading ships from nearby regions once unloaded their cargo, you now anchor at Boei35 — a flavorful stopover with a view and cozy atmosphere.

Heusden itself is a fortified town full of history: narrow streets, old fortifications, and a cozy atmosphere. We are proud of this, and you'll taste it on your plate. At Boei35, we celebrate the best of Heusden: the atmosphere, the view, and the flavors from here.

Local tastes better

At Boei35, we believe in the power of the seasons and the region. In collaboration with Lokaal.nl, we consciously choose products from nearby farmers and makers. This way, you enjoy top quality and taste how delicious local can be.

Each season, we respond to what the land and region have to offer. By doing so, we not only support local suppliers but also contribute to a more sustainable food chain.

We hope you enjoy our menu as much as we enjoy making it.

Glad you're here — and enjoy your meal!
